Dyah's Salon

Usaha rumahan **salon khusus muslimah** yang punya layanan lengkap mulai dari hair care, hingga body care, dengan harga terjangkau dan suasana nyaman yang menjaga privasi pelanggan.

Meskipun pelanggannya loyal dan usahanya berkembang, sayangnya semua **operasional masih dikelola secara manual.**

Tapi,

Di balik pelayanan yang ramah, proses internal Dyah's Salon menyimpan tantangan.

PROBLEM 1

Reservasi dilakukan via WA atau datang langsung, tanpa sistem yang tertata.

PROBLEM 2

Stok terkadang tidak cukup karena tidak ada pencatatan digital.

PROBLEM 3

Pembukuan dilakukan manual, berisiko terjadi kesalahan.

Semua tantangan ini membuat kami sadar, bahwa di balik bisnis yang terlihat sederhana, ada proses rumit yang butuh solusi. Dan dari sekian banyak pilihan bisnis kami justru memilih yang paling dekat—Dyah's Salon.

Proyek ini bertujuan untuk memetakan proses bisnis Dyah's Salon

apa adanya (**As-Is**), lalu merancang ulang **proses yang lebih efektif** dan efisien (**To-Be**). Dengan BPMN, kami ingin mengurangi proses manual dan menggantikannya dengan sistem agar proses menjadi lebih efektif.
